Making Hazardous Environments Work

TYPE A44SB BOLTED 100AMP 650/1300VOLT FLAMEPROOF SOCKETS

Certification number Baseefa02ATEX0079U I M2 EExd I

	Victor Products Ltd. Newcastle upon Tyne NE27 0QF United Kingdom	2813
	TYPE A44SB Baseefa02ATEX0079U I M2 EExd I	
	100A 650/1300V BS5125	
	SERIAL NO.	
	DO NOT SEPARATE WHEN ENERGISED	

NAMEPLATE DETAIL

General

These sockets are designed in accordance with EN50014:1997 and EN50018:2000. They can be associated with any relevant certified connectors for flameproof enclosures Group I apparatus that complies dimensionally with BS5125.

For India only – These sockets have been designed in accordance with IS/IEC 60079-0:2004 and IS/IEC 60079-1:2007. Test report number CIMFR/TC/C/H304.

Installation - all

1. Suitably qualified personnel in accordance with established codes of practice must carry out installation, maintenance, and inspection.
2. Ensure that the rated voltage and current are compatible with the power supply and load requirements. It should be note that when connected to systems of lower voltages or current, the lower rating shall apply.

Fig.1 BOLTED SOCKET

3. Using suitable tooling, remove the retaining circlip from the socket body, and remove the insulator cap.
4. The contact pins can now be removed from the insulator.
5. The insulation on each of the conductors should be removed to suit the depth of the hole in the contact pins. Place the insulator cap over the coil end leads and secure mains and pilot pins with set screws. Information on die sets for crimped pins is available on request. Assemble in reverse order.
6. Ensure that when the sockets are connected for use with their mating plugs, that they are fully engaged.

Accessories

The bolted sockets can be fitted with certified Victor Closer Caps.

Maintenance and Inspection

It should be noted that all components that are replaced must be supplied by the original manufacturer. Failure to use such components invalidates the certification and approval and may make the apparatus dangerous. NO modifications should be made to the apparatus without the knowledge and approval of the manufacturer. If in doubt, refer to the manufacturer. A copy of the Spare Parts List is available from Victor Products Ltd.

Before re-assembly ensure that all flameproof paths are visually inspected and dimensionally checked for any abnormality.

HEALTH AND SAFETY AT WORK etc. ACT 1974

In the United Kingdom all equipment must be installed, operated and disposed of (as required) within the legislative requirements of the Health and Safety at Work etc. Act 1974. Leaflet No. HSS L1 refers to the Company's obligation and is available on request.

It is the responsibility of the user to select, install, operate and maintain the equipment in accordance with the relevant legislation and appropriate code of practice.

EU Only

Prices and design are subject to alteration without notice. All products are sold subject to our conditions of sale, copies of which are available on request.

We reserve the right to change characteristics of our products. All data is for guidance only
